There was no new information on the road closure or solutions. The road had been closed again on 3rd and 4th of July from for the installation of manned lights to vehicle activated, ahead of which WSCC had been urged to ensure the road closure signage was better than previously. Members noted that a coach had nonetheless ignored the closure signage

which resulted in the coach getting stuck near the Chequers Hotel. The County Cllr had written to the coach company for an explanation.

Comment was made that it would be sensible to install LED bulbs in the street lighting when replacement is necessary. It is believed that the current ones are low energy, and that LED bulbs are used in all new developments as they are built.

**Recommendations of the Planning & Services Committee meeting held on
Thursday 6th July 2023**

**DC/23/1166 – Hill Farm Bungalow Land west of the Deck House Hill Farm Lane Codmore Hill
Pulborough**

Proposed single pitch settled gypsy accommodation site.

Objection and PPC would like this referred to HDC Planning Committee: Whilst the Parish Council appreciate the need to provide additional sites for the travelling community, however the plot does not currently have any amenities for sewage, water, drainage or power; the application does not mention how these would be met, due to the steep nature of the site it is believed that amenities would need to be built above ground which would detract from the rural character of the area.

Trees

DC/23/1186 – Andrews Cottage, Rectory Lane Pulborough

Surgey to 1x Cherry, 1x Yew (Works to Trees in a Conservation Area).

No objection however, the PPC wanted it noted that the Cherry needs to be done when the Sap is rising which is between April & July.
